SMALL-SCALE PORTABLE SIMULATION RECORDING AND DEBRIEFING SYSTEM For Training and Education

Do you sometimes come across situations in your work where it would be good to record your customer service situation, training, lecture, interview, negotiation, consultation, etc. for later analysis, sharing, and further processing?

SimplyRec is a simple, very easy-to-use simulation recording system packed in the backpack. With this small-scale, however adequate equipment, situations can be recorded simultaneously from several different angles, if necessary. SimplyRec works well for example for journalists, physiotherapists, sports coaches, and veterinarians.

Package includes

- Laptop recorder
- Nordic debriefing software
- 3 cable connected HD cameras with microphones
- 3 camera extension cables
- Soft carrying case
- One year warranty

MULTIPLE OPPORTUNITIES
Recording with SimplyRec

Vocational teachers
